About

ⓘ

What is Viking Hacks?

Viking Hacks is Irvington High School's first hackathon, bringing together 100+ students from around the bay to build innovative projects and present their work to the community.

?

Why Viking Hacks?

Sponsoring **Viking Hacks** provides numerous benefits, including building brand awareness, identifying potential future employees and interns, showcasing **social responsibility**, inspiring innovative insights, and nurturing the next generation of **technology leaders**. The event offers exposure to **students** across the Bay Area and promotes education and technical skills within the community.

Want to engage?

We offer various sponsorship levels, allowing companies and businesses to contribute in a way that aligns with their interests and goals.

- **Branding**
- **Mentions**
- **Opportunities**

Detailed information about sponsorship levels and benefits can be found in the next few pages.

We connect businesses with the next generation of leaders in tech.

Sponsoring **Viking Hacks** is a strategic opportunity for businesses and companies to gain **exposure**, foster education in technology, and contribute to **cultivating** the tech community in the Bay Area. It's a chance to interact with over 100 young, motivated, and talented students who are passionate about technology and computer science, providing sponsors with a unique platform to build **brand awareness** and identify potential future talent.

Build Brand Awareness

- Reach a diverse group of students
- Influence potential future technology leaders
- Enhance corporate image through association with an educational event

Recruitment Opportunity

- Engage with motivated and talented students
- Identify potential future employees, interns, and brand ambassadors
- Connect with young individuals passionate about technology and computer science

Community Engagement

- Show commitment to supporting education and developing technical skills
- Foster the growth of the local tech community
- Enhance corporate social responsibility through community involvement
